Due to the instructions of the tourism Authority and the Ministry of Public Security of the Republic of China to reduce the spread of poliomyelitis.

It is requested from all Travel Service Providers inside and outside the Kingdom to emphasis on all passengers traveling to the People’s Republic of China and accompanied by children under five years of age and coming from the following countries: (Iraq, Syria, Pakistan, Afghanistan, Nigeria, Guinea, Cameroon, Ethiopia, Somalia) The necessity to obtain a certificate of vaccination against poliomyelitis and presenting it when entering the People’s Republic of China and in the case of the arrival of passengers at the airport in China without a certificate of vaccination, the Chinese authorities will give them the necessary vaccinations and detain them for observation, in case that they refuse to take the vaccination they will be sent back on the same flight to the origin station.

Therefore, We appeal to all Travel Service Providers to ensure that their customers are informed of the necessity to carry their own vaccination certificate in order to avoid legal repercussions and/or claims.
