### Introduction:

In the interest of "Saudia" to improve the services provided to its guests and keeping up with the company's strategic transformation program (SV2020), a new Interline Agreements with other airlines have been initiated to issue/accept the Interline Electronic Miscellaneous Documents (IEMD) for excess baggage on SV network.

### Definition:

It is an electronic document that facilitates the selling of additional services and collecting and tracking the usage of charges that are not covered by E-Ticket. It is issued and accepted by other airlines.

### Service:

First phase: Issuing of IEMD for collecting excess baggage charges only.

### Service Code:

SRXBAG-EXTRA CARRIAGE

<th>EXCESS BAGGAGE</th>
</tr>
</thead>
</table>

### Number of Financial Document:

Korean Airlines financial document number is (180).

### Procedures and conditions:

SV policies and procedures of EMD are applied on IEMD with using the same entries.

- The reissue/sector change/revalidation/refund are permitted.
- In case of no show, the guest loses the value of the entire IEMD.
- In case of involuntary change the passenger can be compensated for the value of the IEMD without fees and this does not fall under the compensation procedure of unaccepted passengers.
- Guests Baggage’s will be transferred to the last destination.

### Important note:

IEMD for excess baggage charges will be issued by Saudia (SV) and Korean Airlines (KE) on a reciprocal basis.
